**APUA Offers Assistance to the Amazing Grace Foundation**

During the annual APUA Health and Safety Month in August, the organization hosted a charity Aerobathon, the proceeds of which were earmarked for the Amazing Grace Foundation. On Friday 14<sup>th</sup> September, the Amazing Grace Foundation was presented with a cheque for \$3,500.00 EC. A portion of the donation came from APUA employees Fana Allaway and Ikenley Francis, 2<sup>nd</sup> place winners of the CANTO icreate Competition 2012. The pair decided to donate their competition winnings to the Foundation. "We are pleased to have been a part of this venture especially after visiting the Amazing Grace Foundation and meeting the children who are residents there. Our donation may be small, but we believe that this will help the foundation in a significant way and we will be looking forward to working with them in the near future."

Pastor Stephen Samuels accepted the donation with profound gratitude on behalf of the Foundation. "We do appreciate this timely donation, this [is a] gesture of love, particularly for the children living with disabilities at the Amazing Grace Foundation. And this will go a long way towards looking after the children and the upkeep of the home."

APUA would like to encourage other corporate citizens and individuals to continue assisting the Foundation which is currently struggling to keep its doors open.
