APUA Opens New Satellite Centre in Jennings

On Monday 18th February, APUA officially opened its South Mall satellite branch in Jennings. The branch is a multifunctional centre which will facilitate bill payments, customer service inquiries, new service applications and imobile/inet services. The South Mall location will be open Monday – Friday from 10am to 6pm and 9am-1pm on Saturdays.

During the grand opening ceremony, Chairman of the APUA Board, Clarvis Joseph, spoke of opening other convenient satellite centres around the island in the near future. Mr. Esworth Martin, General Manager, emphasized that the opening of the Centre was well in line the commitments during APUA's rebranding exercise in 2011, one of which was to improve processes and procedures at the company. APUA continues to seek new avenues to improve customer services and relations.
