

FOR IMMEDIATE ATTENTION

Tuesday 26th February, 2014

Contact: APUA

Phone: (268) 480 7754

Fax: (268) 480 7042

The APUA Water Business Unit has recently discovered damage to the well fields located in the Diamond Hole/ Bendals Valley. The electrical service lines to five wells were severed causing the wells to lose power. Vandalism is not only illegal but in this case, hazardous. These electrical lines are live and extremely dangerous. APUA implores the responsible parties to desist from this activity to avoid injury to themselves or an APUA employee. Residents are asked to report any suspicious activity seen in these areas or around any APUA owned property.
