Island Wide Electricity Outage 16/5/2015

The APUA Electricity Business Unit would like to offer some information in regards to the island wide outage experienced on Saturday 16<sup>th</sup> May at 7:55am. The outage was caused by a technical difficulty which occurred during switching for a planned plant maintenance exercise. The APUA Technicians worked feverishly to resolve the issue, and power restoration began at 9:34am, with full system restoration occurring by 11:03am. APUA would like to commend its Technicians for their swift action. The Authority would also like to apologise to the public for this inconvenient occurrence and thank them for their patience.
